

Annual General Meetings

Once a year, in the last quarter of the year, the Hackspace holds an annual general meeting to reflect on the last year, discuss the next year, and make some major decisions for the Hackspace with the members. We also typically vote in new directors in this meeting.

Members are informed of an annual general meeting happening at least a month in advance, via the announcements channel in our discord, and by email.

Previous Minutes

Each meeting is preceded by an agenda (sent out with the announcement), and has recorded minutes, historical meetings can be found here:
